**DETAILED ACTION**

***Election/Restrictions***

Applicant's election without traverse of claims 13-18 in the reply filed on 10/03/2004 is acknowledged.

***Allowable Subject Matter***

Claims 13-18 are allowed.

The following is an examiner's statement of reasons for allowance: prior art reference does not teach or render obvious a semiconductor device structure as claimed wherein a conductive layer is formed on a substrate; a contact is formed in the dielectric layer; and a conductive nano-particle layer is formed between the conductive layer and the contact.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Reference A is being cited since it shows a nano-particle film.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thien F Tran whose telephone number is (571) 272-1665. The examiner can normally be reached on 8:30AM - 5:00PM Monday through Friday.
